

Integrated Software for Food Distributors & Manufacturers

How Do Your Business Information & Reporting Systems Stack Up?

- Are you drowning in a sea of spreadsheets?
- Is your admin team knee-deep in manual data entry, entering the same data multiple times?
- Is your operational data spread across multiple disconnected systems?
- Does it take large amounts of manual effort to perform basic sales analysis?
- Do your staff plan your production and purchasing requirements on spreadsheets?
- Are your admin and/or production labour costs higher than you expect?
- Are you reliant upon the knowledge of key staff to perform daily functions?
- Do you have too much cash tied up in inventory?
- Are you missing out on sales due to out of stocks?
- Do you feel like you're running your business on gut feel?
- Is your business growing, but your profit margin declining?
- Do you feel like your decisions are based upon outdated information?

If you answered to any of the above you may be missing the opportunity to maximise the potential of your business.
